SMALL FINE FOR BOTTLE WIELDER

OILER WHO JABBED FRIEND IN FACE WITH JAGGED END OF BROKEN BOT- TLE LIGHTLY FINED

Joseph Pierre, an oiler on the Standard Oil tanker, Richmond, appeared in Police Judge Lindsey's court this morning and pleaded guilty to a charge of assault with a deadly weapon for which he was fined \$30.00 and allowed to go back to his ship.

The sentence of the court in making the fine so small for the damage inflicted by Pierre to Henry Johnson, another oiler, was due to the fact that considerable doubt arose over the incident as to which one of the two men started the battle which came near blighting out the life of Johnson.

Johnson, on appearing in court, still bore a number of marks upon his face which he alleged were due to cuts from a broken bottle that he claimed Pierre had jabbed at him after breaking the bottle over his head.

The fight was the outcome of a long standing grudge which both men have held against each other for many months and culminated in their meeting on the deck of the Richmond.

Modestones to Reside Here.

Mrs. Andrew Stiefvater, of Modesto, has joined her husband here, and the couple have taken up their residence in one of the Curtin apartments at the Point. Stiefvater is with the Stiefvater Grocery company here.

STORK OUTDOES OLD FATHER TIME HERE

Father Time is finding Richmond a rather unpleasant place in which to wield his sickle of late as it is shown by the following number of babes who were left in this city last evening by Dr. Stork to gladden the hearts of several families.

Born, to wife of Glenn Conn residing at 438 South Fourth street, a bouncing nine-pound baby boy. Dr. C. L. Abbott, attending physician.

Born, to the wife of C. O. Sheppard, residing at 511 Eighth street, a nine-pound boy. U. S. Abbott, attending physician.

Born, to the wife of H. Purcell, residing at 235 Eighth street, a ten-pound boy. Dr. U. S. Abbott, attending physician.

MARTINEZ WANTS RICHMOND BOATS IN BAY PARADE

Fourth of July Celebration Being
Arranged by County Seat
Promises to be a Big
Affair

Final arrangements are being completed by Mayor McNamara of Martinez for a monster Fourth of July celebration in which he wants Richmond, Benicia, Crockett, Antioch and Pittsburg to participate.

According to the present plans as arranged by Mayor McNamara it is planned to have a boat parade composed of gayly decorated sail boats, launches, and various other water craft line up off the Richmond waterfront and sail to the county seat town where a reception committee will be on hand to meet them.

CITY HALL MATTER CAUSES TURBULENT SCENE IN COUNCIL

After the council had passed the agreement with the Harbor Center Land company and it came time for the mayor to sign the agreement, this official refused to do so, claiming that he wanted time to look into the matter. Then the fire works broke loose and there was more excitement in the council chamber for a few minutes than there has been for many a day.

"Is one man to be allowed to run this board? Where did he get his power? He ought to be removed, he is trying to thwart the will of the people, I tell you to remove him. I served as city attorney for this board for some time and I tell you gentlemen, you have the power to remove him," shouted Windrem.

Mayor Ludwig was on his feet in an instant and shaking his fist at Windrem he hurled defiance at the attorney by saying:

"Yes, you were city attorney at one time but it is very fortunate for Richmond that you are not now, or the city would be a damned sight worse off than it is now."

"You're a liar and you know it," replied Windrem.

At this point Councilman Lane ejected himself into the discussion

and ordered Windrem to cease his talk, and sit down or he would force him to.

This practically ended the turbulent scene, and the remainder of the evening was spent by those present in pouring oil on the troubled waters.

The ball started rolling early in the evening when Councilman Follett introduced a resolution, by the terms of which the city was to accept the offer of the John Nicholl company to deed thirty-six lots in the Civic Center tract and erect a city hall on the property to cost \$25,000, providing the city occupied the premises for a period of ten years.

Councilman Garrard was afraid of the offer, and thought it meant litigation for the city, if the resolution was accepted. We know how Nicholl has treated us in the past. If this offer is made in good faith why has he not put up a certified check for the \$25,000? I am opposed to this; it is against the best interests of the city. Nicholl has used this city as a cat's paw long enough, and he ought to be made to understand the fact, we are onto his game.

GARAGE MAN NEAR DEATH

Louis Ochsenreiter, the well known garage man, residing at 400 Twenty-first street, was taken suddenly ill at his home last evening with a severe attack of gangrene appendicitis, considered a very fatal form of that disease. He was rushed

ed with all possible haste to the Craven hospital where Dr. U. S. Abbott worked until an early hour this morning pitting his medical skill against death. A report received from the hospital late this afternoon gives the patient's condition as being very much improved.

ASKS DAMAGES FOR THE DEATH OF HER HUSBAND

(Special to Record-Herald)
MARTINEZ, May 19.—As an aftermath of the big fire at the refinery at Ocean last December, Mrs. Addie Halliwell today filed a suit for damages for \$10,000 against the Union Oil company. Her husband was burned to death in the asphalt fire on December 6th.

GAS PIPE BREAKS

A break in the main gas pipe line of the Pacific Gas & Electric company at a late hour today on San Pablo avenue caused considerable annoyance to many residents in this city, especially on Macdonald avenue, who get the gas direct from the pipe instead of from the company's holder on First street.

CHARTER PETITION DID NOT COME UP

On account of the City Clerk not having the necessary time in which to verify the names to the petition asking that a freeholders' election be called so that a new charter be framed, the matter did not come up at the council meeting last evening.

FORMER EDITOR NOW ASSISTANT STATE PRINTER

(Special to Record-Herald)
SACRAMENTO, May 19.—Will H. Marsh, former editor of the Richmond Leader and now of Roseville, was appointed assistant State Printer today by State Printer F. W. Richardson at a salary of \$2,400 a year. The position was created when Frank J. Smith, formerly general foreman of the state printing plant, resigned. Marsh has been timekeeper for the printing department.

WIFE BEATER IS RELEASED FROM JAIL

Emil Anderson, a carpenter at the Santa Fe shops, who was arrested on the night of May 15th, at his home at 233 Third street, while in the act of beating his wife with a shoe, has been released from custody. No charges have been brought against him by Mrs. Anderson.

ORDINANCE PROVIDES FOR ACQUIRING PARK

The ordinance providing for the acquiring of a portion of Richmond Terrace for park purposes, by condemnation proceedings, and the formation of an assessment district to pay for the same, was read and laid over till the next meeting, so that the members of the council could thoroughly look into the matter.

AUTO SPEEDERS KEEP EYES ON THE POLICE

The new ordinance regulating the driving of automobiles on the streets of Richmond was passed by the council last night and is now the law of the city.

Its provisions are drastic, and unless auto drivers are careful they will find themselves in the hands of the police.

Here are the regulations in a nutshell:

Speed Limit

On Macdonald, Nevin and Bissell, between First and Twenty-third streets, not greater than fourteen miles per hour. The same speed limit on Richmond, Park and Washington avenues.

On other streets of the city not greater than nineteen miles, except in sparsely settled sections when you can go twenty-five miles an hour.

Must not turn on streets except at corners, and at end of the thoroughfares.

In crossing streets slow down to nine miles per hour.

No automobile or wagon allowed to stand within sixty feet of the corner of Sixth and Macdonald avenue.

BOULEVARD MAY HAVE PARKING

COUNCILMAN WILLIS MAKES SUGGESTION THAT SEEMS TO MEET WITH GENERAL APPROVAL

If Councilman Willis has his way Cutting Boulevard will be a thing of beauty, in fact one of the finest driveways in the state of California. When the question of letting contracts came up before the council last evening a request was made by the Harbor Center land company that it be allowed to do the work in front of the 3000 feet of its property under private contract. There was some opposition to this, and it was decided to take a week to investigate.

Councilman Willis at this point took the floor and stated that it did not hardly seem right to pave the entire width of Cutting Boulevard and then afterward, if the Southern Pacific laid its tracks the street would have to be torn up. This would mean expense to the property owners for which there was no occasion.

Mr. Willis was in favor of making a twenty-two foot parkway in the center of the boulevard and then pave each side with bitulithic. Flowers or grass could be planted, which would enhance greatly the value of property all along the road.

The suggestion of Willis seemed to meet with approval and action will be taken at the next meeting of the council.

"To Observations Which Ourselves We Make, We Grow More Partial; for the Observer's Sake."

THE WOMAN OF CHARM

A New York paper recently received 20,000 replies to its question as to the essentials in woman which man most desires in his life mate. The replies were alike as two peas in a pod, and all of the twenty thousand "lords of creation" who wrote the letters belonged to an Ananias Club. Who was it said that all men are liars? David, we believe, but whoever it was he said something that time. All men are liars, when it comes to women.

These chaps all placed virtue ahead of everything else—she just had to be virtuous, but they did not send in any of their own past records in that respect. Then came domesticity, sincerity, fidelity, health, neatness, good nature, cleverness, and last of all, beauty. Ha! Beauty was last on the list! David was a good guesser.

Reasons why some women appeal to certain men are as vague and indefinite as multi-form phase involved in the world problem of why is a confirmed bachelor a beast. Grouped and scrutinized the fact develops that all men, educated or pretending to average refinement, define an attractive woman in very much the same way. All are agreed on their composite ideals; and yet those of us who have lived long enough to officiate as best man at the finish know that more than often his selection has few if any of these professed essentials of feminine beauty and masculine bliss. This may be because no man has his own way in the choosing of a wife. Most of us are run down and captured—(business here of loud snorts from the female of the species).

The quiet, demure little home body who sings in the choir, runs her legs off rustling bankable religion, and is wrapped up in books, music, children and other accredited frills of reposeful domesticity—she by whom all these twenty thousand men swore as the woman they wanted—sits alone and unsought like Cinderella among her ashes, while the slit skirt and mustard-colored hat draped jauntily on a fluffy-ruffled peacherino gets away with the masculine goat.

Oh, thoughtless, thankless, inconsistent male person—selfish, egotistical and swaggering wretch that you are! Your wigwag and wireless signals and every move upon the social gridiron proclaim that old David was a wise guy when he said that all men were liars. The woman you most admire is the woman that has charm, and you ought to be truthful enough to admit it. The woman of charm does not care a rap about masculine ideals, as a general rule. She has talents of various kinds, expensive toggery, studied airs of grace, is clever and carries her clothes off with a frou-frou that in enhancing to her special pleading and enchanting to we great Websterian-browed bipeds without the gumption of a tree-toad when it comes to femininity and the female form divine.

Of course, dear masculine reader, this diatribe is not meant for you. You are an exception to the rule. It is meant for your neighbor across the street and down in the other block, and you will have to confess that as far as his case is concerned, and most others except yours, that old man David knew a whole lot, and then some.

Let us hark back about twenty years. What does this present money stringency teach you? That the money lords are locking up the coin? Sure! That's right. But, is it not true that the basic money of the country and the world is less than half what it ought to be for safety and prosperity of the masses of the people? It certainly is. Do you know how small, how very small the amount of gold is in comparison to the volume of trade? Ask your banker and jot it down. It will astonish you. Twenty years ago this writer was for the free and unlimited coinage of silver at some proper ratio with gold, and is that way yet. And we can tell you, also, the reason that bi-metalism failed twenty years ago—it was for the same reason that the gold of today is being locked up and kept out of the pockets of you simples that have been parading in the political torchlight processions and hollering your heads off all your lives for the very interests which demonetized silver and are hoarding the gold right now.

WE ALL EAT TOO MUCH

As we have ate too much hot bisenit tonight for dinner and don't feel like writing poetry, we will pass the poetic buck to Walt Mason, a little, fat, sawed-off squab we used to work with on the old Lincoln, Nebraska, State Journal, and who writes soulful sobs some like our own, only worse, which is useless—the kind, we mean, that would give a Sistro mummy the rinderpest. This is what he has to say about eating too much, and it's every bit true:

"I have had the measles and the croup, the shingles and the mumps; my teeth have long been in the soup, aches playing round their stumps; oh, I have bunions on my jaws, I have to use a crutch, and Doc, he says it's all because I'm eating too blamed much. I have the foot and mouth disease, of which the sawbones talks, and I've a pair of housemaids' knees, and likewise chickenpox. All native ailments I have got, and ailments French and Dutch, and Doc, he says—he makes me hot!—I'm eating too darned much. And these dad-blistered days; there is no pity for your woes, for any howl you raise. When you are bent beneath disease, the doctor prods your frame, and springs again the same old wheeze: 'My friend, you are to blame! You eat too much, you sleep too long, you don't take exercise; you never can be well and strong till you reform,' he cries. Why can't he dope away our ills, since we have got the price? Why can't he cure us with his pills, and cut out good advice?"

Ambition is praiseworthy, save as its lust warps the mind and sears the soul.

We like to see a married man be a true sport and insist that he is glad of it.

The only time we don't smoke too much is when we are out of matches. How is it with you?

The wires will now be burdened with three or four different kinds of languages from Niagara, including, likely, the profane.

Cheer up. It is not necessary to go down to Mexico and fight to prove that you are patriotic. One can be patriotic and yet perfectly peaceful.

We don't like buttermilk, and don't see how anybody can drink it. Still, we have to acknowledge that it tastes a whole lot better than beer.

It is printed that the latest fashion wrinkle is for brides to wear a gold ring around their ankle instead of on their fingers, as an engagement ring. We will have to be shown.

Seems like the sort of walk these newfangled dressers get onto their wearers is sort of like they anticipated somebody from behind was going to get busy with a paddle.

Travel at two or three cents a mile is not so cheap as it sounds, for there is always the porter, the dining car and some other things to be reckoned with.

California had a dry year in 1913, and then just as the agricultural papers began to preach the glories of dry farming old Jupiter Pluvius opened up and washed out about all the bridges.

The only interesting thing we can see about the games of golf or polo is the fact that the fellows who play it are nearly always terribly rich. Poor folks play pool and pitch horse shoes.

CHAT AND DOPE BASEBALL

CALL TO ARMS

"Baseball boosters, attention! President Howard French of the Richmond Baseball club has called a booster meeting of all the fans of this city tomorrow evening, to be held in the Daily Independent office at 617 Macdonald avenue.

The meeting is for the express purpose of lining up the future financial plans for the local team. At the present time all the players of the Richmond team are receiving a stipulated salary for their services which is fast eating up the reserve fund in the club treasury, therefore the meeting.

Now that Richmond has practically one of the fastest base running and pill-swatting teams in the Bay Counties Industrial League let every loyal fan heed the call for further financial arrangements and with your little mite help the boys over the few rough spots that they may stick in the pennant race for that coveted trophy.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salls before Breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salls from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will not fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salls is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—adv

'THIS WILL MAKE YOU VERY HAPPY, ALICE!'

"Remember the Coat we admired so at the ball game the other afternoon? 'Twas short and cut loose and I said I knew the girl who wore it."

"Well, I happened to meet her again today. She had on that stunning Coat, too, and, though I don't know her very well, well, I just had to ask her where she bought it."

"What do you think she told me? She bought that coat at CHERRY'S! You can imagine my delight, for I thought right away of how you and I could get Coats at Cherry's and USE OUR CREDIT."

"And Cherry's pretty stores are simply filled with exquisite new Short Coats in all the late system and charming designs, and they're priced just \$16.50!"

"As long as we can pay by the week, Alice, there's nothing to prevent us from buying our Summer Coats tomorrow, while all the sizes are there. Let's meet at Cherry's EARLY. I suppose you know their address—at 515 Thirteenth street, between Washington and Clay, 'is the ladies' store while just across at 528 is their store of men's clothing only. The San Francisco stores are at 1009 Market and 2400 Mission Sts. The Los Angeles address is 626 South Broadway. Advt."

"TIZ" FOR TIRED SORE, ACHING FEET

Ah! what relief. No more tired feet; no more burning feet, swollen, hot, smelly, aching feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired. Get a 25 cent box at any drug or department store, and get relief.

THE MAJESTIC HAS BIG BILL FOR TOMORROW

There will be six big turns of vaudeville tomorrow evening at the Majestic, including the Royal Hawaiians in their native songs, music and dances. Hawaiian music as everyone knows has no equal for harmony. Miss Marian Warde will again be heard in a dramatic number. In this work Miss Warde has been receiving great applause nightly. Miss LaVerne Stewart, that dainty comedienne, will be heard in character songs. Terry Donovan in the latest New York successes, has a nice singing turn in which he makes good. Paul Parker, character comedian, in the Chicago Drummer, has stories never heard before. The dialect songs, "This is a Big One," "Diamond Dick," "Cowboy actor and pianist," are great songs and music. This bill is a big one from beginning to end.

"GOATS ARE GOATS" SAYS POLICE JUDGE

The case of Joe Gonzales who charged Deputy Poundmaster "Bill" Nuter with attempting to take a goat which had wandered into his yard without some recompensation was dismissed from the police court of Police Judge Lindsey today by City Attorney Hall.

Gonzales and Smith wrangled over the life history of goats the entire forenoon in which they attempted to show why a goat was possessed with a roving disposition, also why a certain goat on the afternoon of May 14th attempted to cause a vegetable famine in the Gonzales truck garden.

These positions come under the provisions of the state civil service law, and are filled by competitive examinations. One vacancy now occurs at Sacramento, at a salary of \$110 per month, and the California State Civil Service Commission has set June 12-13, 1914, as the date for an examination, to be held in Sacramento, San Francisco and Los Angeles, to provide a register of eligibles from which to make certification to fill this vacancy and others as they may occur.

Application blanks and further information may be secured by applying to the State Civil Service Commission, State Capitol, Sacramento.

I TOOK PE-RU-NA

Was Able to Sleep and Eat Again

Mrs. Mueller

says: "I keep Peruna in the house constantly. When I am sick, I take a few doses. It always restores." Mrs. Mueller's story of her experience with Peruna fully explains why she always keeps Peruna on hand. A few years ago Mrs. Mueller was very sick. The trouble seemed to be the stomach and liver. She suffered great pain. Was unable to get anything to help her. She was growing weaker and weaker. She became tired of life.

Somebody suggested that she write to the Peruna Co. She did so. Through their advice she began to use Peruna. In a letter from her at this time she says: "Through the use of Peruna I have regained my health. I took only a bottle and a half when I was able to sleep and eat again and my nervousness disappeared." No wonder Mrs. Mueller keeps Peruna in the house. Under similar circumstances Peruna would be in every house in the land. Any one taking Peruna ought to have a free copy of the "Ills of Life." Address Peruna Co., Columbus, Ohio. People who object to liquid medicines can now obtain Peruna Tablets.

THE LAST FILMS FOR THE CREATION AT VIM TONIGHT

It is announced that a special program will be given as the closing feature of the wonderful photo-drama now exhibiting at the Vim Theatre at 3 and 8 p. m.

By special request the local manager has consented to specially arrange a program for tonight, made up of the choicest films selected from the four parts of the drama with brief lectures by a noted lecturer of wide experience, coming especially for the occasion. The program is very promising and all who have witnessed the drama, as well as those who may not have seen it, will be especially interested in this grand finale.

In the lectures the teachings of Pastor Russell will be examined. Pastor Russell is the president of the International Bible Students' Association, which dedicated the drama to the people of this city free, and there will be no solicitation for funds either directly or indirectly at this grand finale.

The photo-drama has been interesting, beautiful and instructive. In this commercial age, when little or nothing is done except for cold cash, it astonishes us. Two miles of most wonderful pictures, colored and moving, are shown and explained, accompanied by delightful music, absolutely free.

LEO SLEZAK, the great Czech tenor, who is in this country for his fourth season in grand opera and concert, says of "Songs That Never Grow Old"

"Syndicate Pub. Co., New York City.

Gentlemen: Your complete collection of old songs is so distinctively American that I shall have much pleasure in taking it back to my home with me where we will all enjoy singing these good old melodies.

Very truly yours,
Leo Slezak."

MARGARETE MATZENAUER, prima donna contralto of the Metropolitan Opera company, is another advocate of the revival of the dear old melodies of long ago. She writes:

"Syndicate Pub. Co., New York City.

Dear Sirs: I am strongly in favor of a revival of the dear old songs and believe your song book should be in every American home. This is surely a complete collection as I find in it all of my old favorites.

CITY HALL MATTER CAUSES TURBULENT SCENE IN COUNCIL

(Continued from Page 1)

"You all know that I am not very friendly inclined to Nicholl," said Councilman Willis, "and any offer that comes from that source is looked upon with suspicion by me. Why did Nicholl wait this long before making any offer. He could have come in months before any offer was made, but he did not, and the original intention was to hold up the city. I shall vote against this resolution."

Attorney Windrem was given permission to make a few remarks and stated the resolution was introduced simply for the purpose of laying the foundation for a referendum. "Why when this present city hall building was erected I went around among the business men on this side and raised \$2700 and had to turn it over to Nicholl before he would do a thing. This is the kind of a man, that is now asking you to do something for him."

The vote was taken on the resolution, which stood six to three against its adoption.

Wall then submitted a lease agreement, which was adopted without discussion whereby the Harbor Center Land company agreed to erect a city hall on Block 25 of the Harbor Center tract and have it ready for occupancy by next September. The cost is to be \$15,000, and of this amount Mr. Wall has already turned \$4000 over to the city. The balance is to be returned to Mr. Wall in the shape of rental on the basis of \$185 per month. When the rentals come up to \$11,000 the

LEAGUERS WILL GO TO HAYWARDS FRIDAY

About forty members of the Epworth League of the Wesley Methodist church in this city are arranging to attend in a body the Alameda County Epworth League Alliance which is to be held at Haywards on Friday evening of this week.

The members of the local league are planning to secure a special car in which to make the trip to the cherry town.

property is then to be deeded over to the city. According to the agreement, plans and specifications for the new city hall must be adopted by the council within thirty days, when work will immediately start on the new city hall.

As soon as the agreement was adopted, the agreement was passed over to Mayor Ludwig for his signature, and it was at this point that the turbulent scene took place.

CITIZENS TO DEMAND A NEW DEPOT

Will Protest Against Southern Pacific Erecting Cheap Frame Structure on Macdonald Avenue

It has been rumored for several days it was the intention of the Southern Pacific to erect a new depot at the foot of Macdonald, but instead of a fireproof structure, as was originally spoken of, it now turns out that it will be a measly frame building and will not cost to exceed \$6,000.

The matter came up at the meeting of the council last evening and at the suggestion of Mayor Ludwig the clerk was ordered to make a protest to the railroad company, and if that had no effect it was the sense of every member of the council that the question should be taken up directly with the railroad commission, and see if a depot cannot be erected that will be in keeping with the growth of the town. It was the opinion of all the members of the council that Richmond is entitled to as good a depot as was erected at West Berkeley.

MAY APPOINT A PLANNING COMMISSION

J. H. Cheney, secretary of the Oakland city planning commission appeared before the council and urged that some action be taken whereby a commission would be appointed to plan for the future welfare of the city. He said the council and the other members of the city administration had enough work on their hands to take care of the present needs of the town, and as a result the future needs were being neglected.

Many cities in the country, the speakers said, had taken hold of this new movement with a will and were accomplishing great good. He urged that an ordinance be adopted to provide for a commission of seven members, to serve without pay.

The mayor and members of the council were very favorably impressed with the proposition, and it is very likely that action will be taken at the next meeting in conformity with the suggestions of Mr. Cheney.

WORK OF THE RICHMOND LIBRARY

There has been prepared by the staff of the Public Library an exhibition of the work of the Richmond Public Library since its beginning in 1910. This exhibition is an effort to give a visual presentation of the progress of the library and the scope of its activities. The exhibition is to be used later to represent the library in the "Richmond Exhibit" in San Francisco, but is now on display in the reading rooms of the library.

The charts and posters that endeavor to give a graphic illustration of the library's work are: Mounted pictures of the interior and exterior of the main library and the West Side branch and the Stego branch; a chart of statistics, showing the steady and rapid increase in circulation month by month since August, 1910; a chart giving by means of different colored links the total number of members on the library register at the end of each year; a chart representing the number of books added to the library during each year; and a poster showing a few of the questions that are asked and answered by the library.

A leaflet to accompany the exhibition will be printed, giving the story of the library and a summary of its growth.

Any suggestions of additions to this exhibition will be very gratefully received by the librarian.

FILTRATION IS USED WITH GOOD RESULTS

Superintendent of Plant at Cincinnati Writes Engineers of Experiments with Water

The following letter received today from the superintendent of the water filtration plant at Cincinnati, is a convincing argument to show how filtration safeguards the city's health. Data will be received from time to time from Mr. Tibbitts who will visit up-to-date plants in this country and Europe within the next few weeks.

City of Cincinnati, Department of Public Service. Philip Fodick, Director; J. A. Miller, general superintendent.

May 11, 1914.

Haviland and Tibbitts, Engineers
Richmond Municipal Water District, Richmond, California,
Gentlemen:

Your Mr. Tibbitts, while on a visit here, examined our filtration plant and requested that I write you as to how well we were satisfied with our plant.

The plant was put into operation January 1, 1908. Now we have a clear, pure water where formerly we had a muddy, sewage laden supply. It has been impossible to clean all old mains, which formerly carried the muddy water, even now, at times of unusual draft, some of the old deposit is carried into the services. At such times the Superintendent's life is made miserable; as the people do not want to return to the old supply.

From a health standpoint compare the following table of typhoid cases and deaths:

	With Old Works	Cases	Deaths
1904	1646	279	
1905	746	155	
1906	1940	239	
1907	1252	157	

	With New Works	Cases	Deaths
1908	235	67	
1909	218	46	
1910	183	21	
1911	238	43	
1912	187	25	

Of the present cases, a large proportion can be traced to causes other than the use of city water; for example, people being out of the city, and the use of well, cistern or spring water.

Objection is sometimes made to the use of chemicals in the water. In this plant about 1.75 grains of iron and 0.75 grains of lime are added per gallon. This combines with the suspended clay and is removed in the filters, leaving no trace of lime or iron in the effluent water.

The Cincinnati plant is probably the largest and earliest mechanical filtration plant and is being used as a model in the design of many other plants.

Yours very truly,
(Signed) J. A. Miller,
General Superintendent.
